## TUBEROUS BEGONIAS

Tubers are ready now. Try our  
starting mixture. For this area,  
don't start until March 15 or  
even later will be better. You  
should not plant out-of-doors un-  
til May. Starting too early makes  
weak, overgrown plant. See us  
about preparing the bed where  
they are to bloom. Begonias are  
easily grown when soil and con-  
ditions are right. They need no  
direct sun; plant in semi-shade.  
Flats with Begonia starting mix  
will hold two to three dozen  
Tubers. Flats with Mix.....1.00 ea.

## "IT WAS A BEAUTIFUL WEDDING"

"The bride was exquisite"

"The flowers were lovely"

We have experts in the arrange-  
ment of floral decorations for par-  
ties and banquets, wedding bou-  
quets, home or church decorations  
and corsages.

Many years of experience have  
given us a unique ability to carry  
out decorations with ease and  
marked economy, suited to con-  
form with all types of wedding  
plans.

We have always found extreme  
pleasure in assisting with wedding  
plans. There is a very personal  
feeling in the arrangement of wed-  
ding floral decorations. More  
often than is imagined, because of  
this personal interest, the Florist  
has been called upon to answer  
many questions which commonly  
arise.

For this reason we have assembled  
a booklet of questions and an-  
swers which we have had printed  
to be of assistance in the wedding  
plans and arrangements you will  
be making; this booklet free on  
request

FLOWERS  
BY  
WIRE

Here is how it works. You may  
have a friend you wish to remem-  
ber with flowers who lives some  
distance away. All you do is con-  
tact us; we are one of 6,000 bond-  
ed members. We will take your  
order and wire it to a bonded  
member in that particular town; he  
will in turn fill your order with care  
and deliver it with your card.

The cost to you will be the same  
as it would be in our own shop,  
plus the cost of the wire.

"Say it with Flowers" by wire to  
friends far away.
